

Pi'o Summit 2024

HULIHIA: FIRE & WATER

COMMUNITY LEADERSHIP THROUGH CRISIS

NOVEMBER 21, 2024
9:00AM - 5:30PM

International Conference Center
University of Hawai'i at Mānoa

Recent catastrophic events including the 2018 flooding of Hā'ena, Kaua'i and the 2023 wildfires in Lāhaina, Maui, have highlighted the role of community leadership that is courageous and creative in the face of disaster. Join us for Pi'o Summit 2024 as we feature panel discussions with aloha 'āina community organizers and scholars who continue to achieve better futures for their places while emerging through crises.

We welcome Dr. Lyla June, an internationally acclaimed speaker, musician, and researcher of precolonial land stewardship systems, of Diné (Navajo) and Isetsenestanesel Creeveninginecfaewi, for a special keynote presentation.

We will also be graced by the presence and Jen ma'i Lālabron of Brūnter Heim, who will offer a selection of their aloha and to ground our intentions for this gathering.
